

## Day 3 Lab Assignments

Please do these assignments:

- ~~1- Make a button that display the current date and time in local format on the page~~
- ~~2- Make a button that on its Click event opens new advertising window after 3 seconds, and write long paragraphs on it. Also, make another button that closes this page. (Note that the browser may block the opening of the new window; make sure that you allow this page to open popups in your browser).~~

3- Write a regular expression that matches only an even number. Numbers will be presented as strings.

Examples

"2341" → false  
"132" → true  
"29" → false  
"5578" → true

4- Write a script that reads from the user his info; validates and displays it with a welcoming message with today's date

Use coloring format according to user's choice. The user has to choose either red, green or blue color, take his choice via prompt

Parameter	Validation
Name	Should be character, i.e Not a number
Phone Number	Should be number, with length = 8
Mobile Number	Should be numbers, with length =11 and starts with (010 011 012) (Use RegExp) ( Bonus )
Email	Should use regular exp. To validate that the email is formatted correctly.( <a href="#">abc@123.com</a> ). (Use RegExp).
